

Inclement Weather Policy x High School Tournaments

Last Revised: September 2021

Overview

High School Tournaments run by Canlan Sports will not be cancelled due to an inclement weather forecast unless teams are notified otherwise. In the event that a team encounters a weather-induced travel delay on route to one of our sports complexes, every effort will be made to ensure that the team is not required to forfeit a game, including the potential delay of a game's start-time.

What happens if our team is unable to make it?

In the event that a team is unable to play at least 50% of their guaranteed games in a High School Tournament, the team will be issued a credit commensurate to 50% of their tournament entry fee for use toward a future Canlan Sports tournament. In the event that the team is unable to use the credit within the current defined season, a refund for that amount shall be provided.
