  - b. Opposing players will take their penalty shots at the same time.
  - c. Players that have already scored in the third period are permitted to take a penalty shot.
  - d. If the 3-player shootout does not result in a win, a sudden death shootout will follow; single shooters are taken from the rest of the roster until the roster is exhausted (no shooter can shoot twice until the entire roster is used).
  - e. The 4<sup>th</sup> player must be a female, the 5<sup>th</sup> player must be a male; this alternating pattern will continue until there is a winner.
